THERE BEING NO FURTHER BUSINESS TO COME BEFORE THE PORT COMMISSION, the meeting adjourned at 11:07 a.m.

ATTEST:

PORT OF THE DALLES:

Greg Weast, President Board of Commissioners

Pg. 1

DATE APPROVED: January 12, 2022 Prepared by: Jennifer Toepke, Executive Assistant David A. Griffith, Secretary Board of Commissioners

RESOLUTION NO. 21-008

A RESOLUTION AUTHORIZING A TRANSFER OF A BUDGETED AMOUNT BETWEEN CATEGORIES OF THE PORT OF THE DALLES ADOPTED BUDGET, MAKING APPROPRIATIONS AND AUTHORIZING EXPENDITURES FOR THE FISCAL YEAR 2021-2022

WHEREAS, ORS 294.463 allows transfers of appropriations to be made between approved categories within a fund.

WHEREAS, \$20,017.22 is requested from General Operating Contingency in the Port Development Fund to Debt Service in the Port Development Fund, to pay off in full the North Chenoweth Industrial Park Improvements, Business Oregon Loan.

NOW, THEREFORE, BE IT RESOLVED BY THE PORT OF THE DALLES COMMISSION AS FOLLOWS:

<u>Section 1.</u> Authorizing Budget Transfer. The Port Commission hereby authorizes the following transfer of funds between budgeted categories in the Port Development Fund:

| | ADOPTED | APPROPRIATION | REVISED |
|---|------------------------------|------------------------------|------------------------------|
| PORT DEVELOPMENT FUND | BUDGETED | <u>TRANSFER</u> | BUDGET |
| From General Operating Contingency To Debt Service | \$200,000.00 \$136,560.00 | (\$20,017.22) \$20,017.22 | \$179,982.78 \$156,577.22 |

<u>Section 2.</u> Effective Date. This Resolution shall become effective upon adoption by the Port Commission and shall remain in effect until receipt and acceptance of the Fiscal Year 2021-2022 Audit Report.

PASSED, APPROVED AND ADOPTED BY THE PORT COMMISSION THIS 3RD DAY OF DECEMBER 2021

 Subject:
 F-5.) MARINA FIRE RECOVERY COMMITTEE: APPOINT 2 COMMISSIONERS

 Marina Fire Recovery Committee: Appoint 2 Commissioners

Staff Recommendation: Appoint <u>2 Commissioners to Marina Fire Recovery Committee</u> as presented

Background

- Review final standing post cleanup and disposal of section of marina and docks damaged by 07-03-2021 fire.
- Actively work on options to rebuild/reconfigure said section of marina and docks, including outlining possible funding sources to aid in that endeavor.

Meeting Date: January 12, 2022

Subject: F-6.) DOG RIVER PIPELINE REPLACEMENT PROJECT-PIPE STORAGE SITE LEASE: REQUEST TO REDUCE OR WAIVE MONTHLY RATE OF \$5,000.00

> Dog River Pipeline Replacement Project-Pipe Storage Site Lease: Request to reduce or waive monthly rate of \$5,000.00 for Tax Lot 2N 13E 21 C 1000

Staff Recommendation:Approve request to waive or lower \$5,000.00 per month rate for pipestorage site lease for the Dog River Pipeline Replacement Project as
presented

Background

Tax Lot 2N 13E 21 C 1000 Lot 10, Port of The Dalles

See following letter from City of The Dalles; with request excerpt being: "With this letter, the City is both expressing its appreciation and gratitude for the Port's support over the years for this critical water infrastructure project and asking for continued support. As stated, the City very much appreciates the opportunity to utilize Port property for the temporary storage of pipe for a period of May through November 2022. The City is also asking the Port to consider reducing, or waiving, the proposed monthly lease rate of \$5,000 per month for use of this parcel for this critical community water system project. A lowered or waived lease rate would benefit all water customers in the community as a contribution to the completion of the Dog River Pipeline replacement project."

December 16, 2021

Board of Commissioners Port of The Dalles 3636 Klindt Drive The Dalles, OR 97058

SUBJECT: Pipe Storage Site Temporary Lease

Dear President Weast and Honorable Commissioners:

As you are aware, City of The Dalles is currently in the implementation phases of the Dog River Pipeline Replacement Project, a project that has literally been decades in the making. The project is currently progressing from the 50% to 90% level of design and is scheduled to bid for construction in the early Spring of 2022 with construction anticipated to occur in 2022 and 2023. To expedite construction of the project, the City is planning to pre-purchase the pipe and fittings for the first year of construction. This pre-purchase is intended to avoid the weeks/months of delay that would occur if the selected construction contractor purchased the pipe after its contract was awarded.

For this plan to work, the City will need to secure use of a level site, 1.5 to 2 acres in size, to store the pipe. The City very much appreciates the offer of using some of the Port's property, Tax Lot 2N 13E 21 C 1000, to store 13,500 feet of 30-inch diameter HDPE pipe. This equates to 30 truckloads of pipe in 50-foot lengths. The site is ideal for the City's purposes because it is large enough, level, truck-accessible and fenced.

The City is very appreciative of the support for this project that it has received from the Port over the years. That support has significantly helped in obtaining over \$5 million in grants and low-interest loans for the project so far. The City will soon be requesting additional funding support from state and federal sources as current project cost estimates are exceeding available funding levels. The City is also planning to defer some water system projects and allocate available American Rescue Plan Act (ARPA) to help make up some of the shortfall.

In the Port's Letters of Support for the City's Dog River Pipeline funding applications that have been submitted over the years, it has correctly stated that the Port and City are strong partners in local economic development efforts, and that the Dog River Pipeline Replacement project is important to the community's existing businesses as well as efforts to recruit new businesses. Recent examples of the City's contribution to new business development efforts include providing half of the funding for the new \$2 million Port Industrial Water Main and securing private funding for the other half, providing for the installation of upsized water and sewer pipes in the reconstructed Chenoweth Creek Bridge, and

upsizing sanitary sewer lines in West 1st and West 2nd Streets (over \$2.5 million completed to date) to accommodate increased wastewater flows from Port Industrial Areas. The enhancements in these City utility systems have made development and redevelopment of the Chenoweth Business Park and aluminum smelter site possible.

With this letter, the City is both expressing its appreciation and gratitude for the Port's support over the years for this critical water infrastructure project and asking for continued support. As stated, the City very much appreciates the opportunity to utilize Port property for the temporary storage of pipe for a period of May through November 2022. The City is also asking the Port to consider reducing, or waiving, the proposed monthly lease rate of \$5,000 per month for use of this parcel for this critical community water system project. A lowered or waived lease rate would benefit all water customers in the community as a contribution to the completion of the Dog River Pipeline replacement project.

In closing, the City of The Dalles thanks you for your consideration of this request.

Respectfully submitted,

Dave Anderson

Dave Anderson Public Works Director City of The Dalles

Meeting Date: January 12, 2022

Subject: G-1.) THE DALLES MARINA, LLC: Q2/FY 2021-2022 REPORT

Following submitted by The Dalles Marina, LLC Owner-Operator Macnab

Meeting Date: January 12, 2022

Subject: Marina Report for October-December 2021

Items completed this quarter:

- > Yacht Club is currently closed due to frozen pipes
- > There are currently 8-10 Boathouses that are needing floats. Divers are currently so busy that we are on a waiting list to get people out.
- Winterized the Marina
 - Pulled up hoses
 - Insulated the main
 - Blew out the top of the dock water system
- Insurance Was paid for the next fiscal year of 2022
- > I started working with Elias contracting last year to snow plow and shovel. They have been doing that again this year and are plowing the Port side of the parking lot also.

Projects in Progress:

- > Working on Grant for the Gas Pumps for guest moorage
- > Will be doing landscaping at the Marina weather permitted
 - o Rock
 - o Bark dust
 - $\circ \ \text{Plants}$
 - $\circ~$ Trees and shrubs trimmed
- Updating Website
- Preparing for tax season

➤ I have been working with a company to install Charging Stations at the Marina. I will meet with Andrea to go over this and then if she feels good about it, it will be presented at the next meeting.

- $\,\circ\,$ They would pay a lease to have the charging stations at the Parking lot
- $\,\circ\,$ They would install all the power and equipment at their expense
- $\circ\;$ They would pay the monthly expenses and maintenance on the pedestals

 $\,\circ\,$ This would provide Charging stations for cars and trucks. Primarily it would also offer vehicles that are towing to be able to charge with a boat or trailer on the back of their vehicle

What's going on at the Marina:

- > 2 Boathouse for sale at the Marina. It is currently located on A and C finger.
- 1 Boathouse sold on A finger
- Due to weather we are having water breaks and boathouse issues due to heavy snow load
 Not many meeting at the Yacht Club due to the Holidays. They did a small Christmas Party in December.

Overall it has been a quiet winter. We had a break in at the Marina with three break-ins on B finger. Eric was able to investigate and find the person responsible. This person is homeless and still has not been caught. Overall there has been minimal people this winter at the Marina. Winters are usually pretty quiet, except the weather.

9:20 AM 01/07/22 Accrual Basis

Meeting Date: January 12, 2022

Subject: G-2.) STAFF REPORT Executive Director Klaas

Update: Fire at The Dalles Marina

- The final accounting for the fire cleanup is in. There will be a Special Meeting scheduled later this month to move an additional \$200,000.00 from the General Fund to the Marina Fund to cover the balance; this will be added to the current loan of \$500,000.00, bringing that total to \$700,000.00.
- The Port is working with the attorney group that was engaged by Special Districts to begin recouping Port costs for the cleanup from the affected property owners. The conversation that is happening now is, should reimbursement be requested from the individual insurance companies now, then rebate back to them their share of any Federal funds that the Port is able to get, or wait until there is a final accounting and then recoup the outstanding costs that were not covered by the Oil Spill Liability Trust Fund (OSLTF).
- Port Staff met with a representative from the US Environmental Protection Agency (USEPA) to talk about the best ways to submit the OSLTF claim. He was able to share with us an example of a successful claim. We are following that format and will be getting our claim in later this month; prior to submittal it will be reviewed by both the EPA as well as the attorney group.
- With the formation of the Marina Fire Recovery Committee, we will begin actively working on options to rebuild/reconfigure the damaged section of the marina and docks and start to outline funding sources to aid in that endeavor.

Columbia River Gorge Commission (CRGC)

- > No specific update this month on attorney actions.
- The Port, County, and City need to decide if they want to add funds to this effort. Collectively we have exhausted the initial \$150,000.00 committed to this work. The Port will be talking with Elaine Albrich of Davis, Wright, Tremaine, to get an estimated cost for her and her teams time to complete the current discussions with the Gorge Commission and then the 3 parties will need to decide if we want to continue on.

Port of The Dalles Marina

- The Launch Ramp restrooms closed for the winter season on November 1, 2021 and were replaced by two portable toilets. The water was turned off to the restrooms and transient guest moorage and winterized.
- The project deadline for the grant received from the Oregon State Marine Board (OSMB) for the launch ramp restroom sewer repair, has been extended from January 31, 2022, to July 1, 2022, to allow for more time to finish the project. Although Roto-Rooter is ready to do the repair in the winter there is basically little to no asphalt available in the area, so the repair sites would be left exposed, hence postponing the work until late winter/early spring.

- Snow removal for the Marina parking lot, launch ramp and transient guest moorage is contracted to a local family-run small business.
- Although winter is in full swing, there have still been a few fishing boats out on the river most every day, but just a boat or two mooring overnight in the transient guest moorage in the last month.

Brownfield Coalition Update

- > Properties currently in the queue for the program:
 - o 419 East 7th Street
 - o 209 East 2nd Street
 - o 401-407 East 2nd Street
 - o Jones Auto Wrecking Yard
 - o 116 East 2nd Street: Floor plan reuse design
 - o 1200 Kelly Avenue: Reuse planning
 - o 205 Washington Street: Reuse planning

Tree Cut on Port Property along Riverfront Trail

- A second cost estimate for rehabilitation of this site is being obtained; inclement weather has delayed it being finalized.
- > Additional update if available will be provided in Executive Session.

<u>General</u>

- Port Staff met with a local business looking for expansion opportunities. They are interested in the 5-acre site on River Trail Way to build a new facility; this was a very preliminary meeting.
- Port Staff are lending their wetland expertise to the County as they look at redevelopment possibilities on the rodeo grounds/golf course site.
- The US Forest Service (USFS) is considering implementing permits, with allotted times, to drive the Scenic Highway near Multnomah Falls to alleviate congestion.
- The 2022 SDAO Annual Conference that was scheduled to be held in person in Eugene, Oregon from February 9-13, 2022, has been changed to virtual due to the uptick of Covid-19 cases. The sessions will now be held via video conference, staff will be in touch to register interested Commissioners.

Possible Projects in 2022

- > EV charging stations at marina
- Launch Ramp improvements (estimated cost \$4.1 million)
- D Finger Dock replacement (estimated cost \$500,000)
- Continue to look for land for redevelopment
- Urban growth boundary expansion
- > Center for Rural Innovation: The Dalles Technology Center
- > Dufur Rural Innovation Hub
